ALUMNI NOTES

C. B. Freeman, C. E. '08, and D. P. Lane, C. E. '08, are incorporated under the name of Lane & Freeman, 700 Rialto Building, St. Louis. They are figuring on the plans for the new University bridge and expect to submit a proposal.

The Unit Construction Co. of St. Louis, for which C. C. Smith, C. E., is the chief engineer, also expect to submit a proposal on the plans for the new bridge.

Q. A. Campbell, C. E. '20, has recently returned from San Domingo. While there he contracted malarial fever and spent about a month in the hospital recovering.

The name of Professor Clyde of Morris, who is now working on the plans for the new bridge, appears in the list of names as given by the Engineering News-Record, recommended by the Detroit Engineering Society to be appointed on a board to pass on the Belle Isle bridge plans.

Herbert G. Coons, '15; Walter Carroll, '16, and Raymond Bowden, '19, have been recent visitors in the Department of Mining Engineering.

Henry Norton Foster, Arch. Eng. '20, has incorporated with P. S. Tyson into the firm of Tyson & Foster at Ashland, Ky. Mrs. Foster, who was Miss Mary Manley, Arch. '19, is helping him with his work.

Walter Petit, Arch. '20, is now with the firm of D. Riebel & Sons, Architects, in the New First National Bank Building at Columbus.

We have recently heard from Miss Mary Louise Abbott, Arch. '20, who is spending a very enjoyable year in post graduate work at Columbia University.

Galen F. Oman, Arch. '20, honors us by his presence quite often.

Clyde R. Seebach, Arch. '20, has a position with the National Lamp Works at Nela Park, Cleveland, Ohio.

Marion ("Nick") Carter, Arch. '17, can be found at the Stadium office.

Charles Cloud, Arch. '17, is in the sunny land of Florida taking life easy.

Mrs. Lucy Shryock Shad, Arch. Ex. '14, is in the construction office of the Pennsylvania Railroad at Pittsburgh, Pa.

Earl Requarth, Arch. '19, is with the Requarth Lumber Company at Dayton, Ohio.

Harold Cooley, Ex. '22, who has been with the Underwood & Underwood Company and the Selznick Company in New York, has returned to take a position with the World Motion Picture Company at Cincinnati.

Glenn L. Knorr, Arch. '20, is still in Toledo at 1442 Huron Street.

The members of the Department of Architecture were very much pleased to have a visit from Joshua Vogel, who has had a very interesting career since his graduation in 1912. He spent two years in Japan doing architectural and missionary work, and then returned to Ohio State to get his master's degree. He then became a mem-

ber of the firm of Baker, Vogel & Evans at Seattle, Wash., and has been very successful. At the present time he is making his second voyage across the Pacific to again take up architectural and missionary work at Shanghai, China. While in Japan he married Miss Helen Hollister, who was engaged in the same kind of work, and who was also a member of the class of Architecture in 1912 at Ohio State.

Mr. and Mrs. Carl Frederick Mayer announce the birth of a son, Robert Arthur, March 1, 1921. Mr. Mayer is in the University Architect's office.

Mr. F. M. Berlin, C. E. '10, has taken a position as Estimator and Designer for the McMyler Interstate Company, of Bedford, a suburb of Cleveland. He writes that his work with this company has been very intensive and interesting. His present address is 13902 Orinoco Ave., East Cleveland, Ohio.

Mrs. L. W. Roush, E. E. '08, is also with the McMyler Interstate Company.

John W. Groves, C. E. '98, is welfare man for the Tennessee Coal & Iron Company, and lives at 2026 S. Fourteenth Ave., Birmingham, Ala.

G. R. Leidig, C. E. '17, is sales manager for the Bellefontaine Bridge & Steel Company, with headquarters at Bellefontaine.

R. N. Waid, C. E. '09, has been made Chief Engineer of the Bureau of Maintenance, State Highway Department. Mr. Waid was formerly a Division Engineer with headquarters at Piqua, Ohio.

Eret C. Blosser, C. E. '08, has been made Chief Engineer of the Bureau of Construction, State Highway Department. He was located at Cleveland for the last two years, prior to which he was a Division Engineer for the State Highway Department.

E. F. Clagett, C. E. '08, is manager of the Central Ohio division of the Pure Oil Company, which has general offices in Columbus. Mr. Clagett began on the engineering corps some years ago and his rise has been steady.

Harry L. Goodnight, C. E. '20, is with the New York Central R. R. at Cleveland.

O. J. Miller, C. E. '16, is Civil and Hydraulic Engineer for the Tennessee Power Company at Chattanooga, Tenn.
